PREVENTING STUNTING IN INDONESIA

**Good nutrition and health care before a
child's second birthday are vital to their
future**

PEOPLE OF ACTION

The Rotary International (RI) is a global organization comprised of Rotary clubs dedicated to humanitarian service and promoting goodwill. One of the initiatives within Rotary International is the Rotary Inter Country Committee (RICC) which facilitates cooperation and projects between Rotary clubs in different countries..

The Rotary Inter Country Committee Belgium Luxembourg Indonesia (RICC BLI) is a committee that fosters collaboration and friendship between Rotary clubs in Belgium, Luxembourg, and Indonesia. It serves as a platform for these clubs to work together on joint projects, exchange ideas, and build relationships.

The primary objective of RICC BLI is to promote international understanding by organizing cultural exchanges, vocational training programs, educational projects, and community service initiatives.

RICC BLI plays a vital role in fostering international partnerships and promoting Rotary's core values of service, fellowship, diversity, and integrity.

MAKING A DIFFERENCE

By connecting Rotary clubs in Belgium, Luxembourg, and Indonesia, RICC BLI strengthens the global network of Rotarians, enabling them to make a positive impact on communities both locally and internationally.

Through collaborative efforts, RICC BLI aims to address pressing issues such as poverty, education, healthcare, and environmental sustainability. Rotary clubs from the three countries work together to develop sustainable solutions, share resources, and leverage their collective expertise to create a lasting impact.
